12/11/2019 09:43 Brendan Gerard Cooper	Consultant Cliniucal Scientist in Respiratory & Sleep Physiology	Yes	Loyalty interests	1st March 2019	NepalMed UK	I am a co-trustee and Director of the newly established charity NepalMed UK which aims to raise money for medical/scientific training, equipment and related welfare for the people of Nepal.	I am registered with the Trust's international charities group and currently do all work for the charity in my own time. NepalMed is a charitable cause within QEHB Charities	Hospitality	01-Oct-19	MedGraphics Corporation	I attended a social event at the European Respiratory Society conference where food and wine was provided during a jazz event. The event was attended by other healthcare scientists and colleagues form around the world.	We have 10 MedGraphics devices in our department and the Trust has these devices at other sites. I did not discuss any "business matters" with company representatives at the event. There was no attempt by the company representatives to influence my independence as a key opinion leader in respiratory physiology. At the congress I spoke with representatives from other lung function companies about their products so I can keep a broad knowledge of the equipment market.	Loyalty interests	12/11/2018 - 12/11/2019	Academy for Healthcare Science	I continue to be the Hon. President for the Academy for Healthcare Science (since March 2015)	I have no perceived or actual conflict of interest since my role is to promote all healthcare science professions in the UK.

The annual dividend payment is less than £200	I have no involvement with the purchase of drugs by the Trust so there is no conflict of interest.	Clinical private practice	since appoitnment as consultant in 2008	QEHB	I only do ad hoc private work. This tends to be private cases being done at QEHB. Usually tend to be Head and Neck cancer and reconstructive surgery cases as I do these same cases as part of my regular NHS work. I do not actively seek out these cases but tend to be requested to help by the operating surgeons who do these cases weekly and I work with during my NHS time.	No conflict of interest as I do not seek out private work or offer/advertise my anaesthetic services. I do these cases when requested by the surgeons only (because I have NHS experience doing the same work). very ad hoc ie only did two private cases in 2019 at QEHB.

14/11/2019 12:56 Mr Mark Simmons	Consultant ENT Surgeon BHH	Yes	Hospitality	15th Sept	Stryker US	I attended a free educational dinner hosted by Stryker whilst at a conference in the US . Multiple dinners were hosted over a 3 day period with many dozens of surgeons attending the different events. There were perhaps 30 different doctors from various countries at the dinner I attended. An educational slide presentation was made during the dinner and a discussion of the topics presented then ensued. The dinner was held in a nice traditional New Orleans Restaurant and probably cost more than £25 - (but probably under £50.)	I attended as an educational event and have no direct power in ordering any Stryker equipment in our department. No discussion of the equipment was made over dinner.	Clinical private practice	ongoing, since 2005	personal private practice	I undertake private practice and the fixed sessions are shown on my timetable/jobplan I work at Spire Parkway hospital (Monday evenings/ Saturday mornings) and Spire Little aston Hospital (Tuesday mornings) I have variable/ad hoc operating sessions at both . I do prescribe medication manufactured by the sponsor but I prescribe according to NICE guidance therefore it has no impact.				

What action have you taken to ensure that this conflict does not impact your neutrality? E.g. You have been paid to attend a training course by a Pharmaceutical company but you do not prescribe medication, therefore it has no impact. (2)
My private practice commitments are disclosed within my jobplan I do not promoted my private practice within my NHS role.
Presentation did focus on all available drug categories used currently in practice with no focus on any particular medication.
We only use Latemoxor within the NICE approved TAG This will only done using the Bluelea approval and in lines with SPC and departmental guidelines
I don't feel this has an impact on my work within the Trust
My experience in this role has helped our own endoscopy units achieve and maintain JAG accreditation. I don't feel this detracts from my work for the Trust more it enables me to bring back "good practice" ideas
No conflict.
I do not transfer work between the NHS and private sector . if a patient expresses a wish for transfer then this has to be by formal referral (except in emergency situations)
I use Transplant medication as per our trust guideline
As I specialise in skin cancer surgery, I rarely prescribe drugs manufactured by Novartis
No action required. The gifts are always shared with the whole team This task is a promotional meeting and the management of complex psoriasis patients is discussed at a medical MDT meeting
